

In response to comments received during GPO's attendance at the recent AALL meeting in Portland, an expanded Library Services & Content Management (LSCM) [contact form](#) has been released.

The original page allowed users to submit inquiries directly to LSCM directors via an email form. The expanded page now lists all LSCM directors and managers and also features additional details/abilities.

Click on a user to view their complete contact details, which includes mailing address and phone number. Emails to the directors/managers can be sent through a Web form. For security reasons, email addresses are hidden.

Users also have the ability to save a director's/manager's contact information as a vCard (electronic business card).

The page can be found under the Help tab of the FDLP Desktop. The URL of the original form redirects to the new page.

Please do not use this form for general inquiries. Subject matter experts are available through our [askGPO service](#) to handle your questions in a timely manner.
